

EAGLETS.

Henry J. Hout, principal of the Gregg School at 6 North Michigan Avenue, has brought this deservedly popular educational institution to a high degree of perfection. Professor Hout for over twenty years has borne an honored reputation among the educators of the country.

Charles B. Pavlick has a record as a lawyer and a public official that is above reproach.

If Chicago votes "dry" next spring what is going to pay the \$7,000,000 now derived from saloon licenses and invested in a police force?

Corsiglia Brothers' fine restaurant, at the Southwest corner of Orleans & Illinois streets, is a great favorite with

hundreds of the big business men and manufacturers in the vicinity. Corsiglia Brothers have long held a great name for their unrivaled Italian cooking. Their Spaghetti and Ravioli have won well deserved reputations on account of their excellence.

The so-called Chicago technical high schools for teaching "trades," turn out one good product to ten loafers in their output. They should be abolished and the millions wasted upon them spent for giving children a decent education along real educational lines.

Judge Thomas F. Scully is making a fine record in the County Court.

Illinois never had a better United States Senator than Albert J. Hopkins.

CHICAGO HAS ESSANAY

Big Film Company Closes Other Establishments and Concentrates Its Studios Here.

Chicago now has exclusively, the biggest film company in America. With the opening of a new studio, the third on the north side, the Essanay company has chosen its two outside establishments, one in Niles and the other in Los Angeles, preferring to concentrate its efforts in Chicago. Of the four prominent concerns identified with the film industry, Selig, Essanay, Kleine and American, Essanay is the only company with a permanent producing plant in this city. Selig takes the pictures at his studio in Chicago intermittently, while in Edendale, Cal., he produces plays continuously; the American has its studios in Santa Barbara, Cal., and conducts its business affairs in this city; and Kleine's producing activities are in the Bronx, New York City.

The Essanay studios are equipped with artificial lighting facilities which enable its producers to stage plays in all sorts of weather, while the days of sunshine are devoted mostly to exterior scenes. George K. Spoor, president of the company, has been a persistent booster for Chicago on account of its central location.

"I have always believed that Chicago is the natural distributing center of the United States," he said, "and for the shipment of goods excels any other American city for centralization. I closed my western studios and increased my Chicago holdings because I want the plays produced by our company to be as close to the distributing center as possible."

"It is not necessary to go to California for sunlight; artificial light makes an ideal substitute, and you need not fret over rain and clouds. While in the past capital was represented mostly in the east, there is a trend toward this city in that direction. I believe that both manufacturer and distributor of motion pictures logically belong in Chicago on account of its central location and railroad facilities."

William M. Morrison, the well known photographer, whose studio is located in the Schiller building, is one of the substantial and highly respected residents of the North Side. He is much talked of for Alderman of the Twenty-first ward.

John F. Gattie and James H. Pye, proprietors of the Central Barber Shop, 107 West Madison street, cater to the finest trade in Chicago.

Judge Thomas F. Scully has shown since his election to the County bench that he is the right man in the right place. He has met every question raised concerning the election machinery with ability and firmness. The people are proud of him.

Judge John R. Newcomer has made a fine record in the Municipal court. He should be re-elected.

Emil Banet of Webster avenue and Blaisell street is one of the leading pigeon fanciers of the country. His place is a great resort for owners of homing pigeons.
